Collective Architecture - Loretto Housing Association - Cruden Buildings

## Project Information

Type of Building:	New build apartment blocks x 3
Glazing System:	Windoor System 1000 Light (frameless glazing)
Quantity:	26 balcony enclosures
Construction:	This new build development of three apartment blocks features Windoor System 1000 Light frameless glazing throughout. Full height clear toughened sliding folding opening glass gives complete flexibility to the 26 winter-gardens. Feature fanlights above provide additional ventilation independently of the glazed panels below. The balconies are completed with a PPC steel balustrade by Martec Engineering to provide a safe barrier to the front of the opening glass to 1100mm.
Completion Date:	2016
