

# Mixenden - Halifax

PRP Architects - Pennine 2000

## Project Information

- Type of Building: 3 x 16-storey refurbished apartment blocks  
Glazing System: Windoor System 1000 featuring 'Light' single glazing  
Quantity: 276 enclosed balconies  
Construction: Six stacks of balconies per block which span from the 1st to the 16th floor, the top floor balconies include a roof. The elements are storey high and feature a balustrade section glazed with opal laminated float safety glass and an upper section featuring sliding folding opening glass. These projecting balconies have side hung opening glass on the returns for additional ventilation and safe and easy cleaning. An external aluminium handrail is incorporated.
- Completion Date: 2012
